ACCELERATING CANADA'S HYDROGEN FUTURE

With the 2024 Canadian Hydrogen Convention being hosted once again in Edmonton, I'm looking forward to seeing the excitement about hydrogen growth and hearing about new hydrogen technologies and developments. Hydrogen is expected to be trillion-dollar industry by 2050, and Alberta is ready to be at the forefront as a global hydrogen supplier.

SOCIAL AND MEDIA OVERVIEW

Bernard Alejandria
Vertical Market Manager, Process
Phoenix Contact Canada

Thank you, Canadian Hydrogen Convention, for hosting this year's remarkable event. It brought together a community of Hydrogen experts, conference delegates, speakers, industry professionals, and energy executives from diverse companies and industries. This highly attended show was a testament to our shared commitment to building Canada's low-carbon energy future.

Embassy of Poland, Canada

President of the Republic of Poland Andrzej Duda inaugurated the Canadian Hydrogen Convention in City of Edmonton - Local Government #Alberta. The over 8 thousands participants, including the first ever #Poland's #H2 mission to #Canada! Over a hundred #B2B meetings! Cooperation prospects and agreements considered.

Rachel Smith
Vice President and General Manager,
Canada
Air Products

What an incredible week at the Canadian Hydrogen Convention. Thank you to the event organizers dmg events and Edmonton Global for hosting another premier event with over 8000+ clean energy leaders in attendance. This is how we keep the momentum going, how we turn ambition into action, and how we create a cleaner energy future together.

HTEC

Thank you to the Canadian Hydrogen Convention team for putting on another successful Canadian Hydrogen Convention! This significant event offers a platform for hydrogen leaders to convene and delve into hydrogen's role in decarbonizing our world, and position Canada as a global leader in this space. HTEC was happy to participate in this year's gathering again and engage with fellow industry peers at our booth, and through our presentations and panel discussions.

We are already looking forward to next year's event!

Celebrating hydrogen development in Alberta: Minister Jean

Minister of Energy and Minerals Brian Jean issued the following statement on the upcoming Canadian Hydrogen Convention in Edmonton:

"With the 2024 Canadian Hydrogen Convention being hosted once again in Edmonton, I'm looking forward to seeing the excitement about hydrogen growth and hearing about new hydrogen technologies and developments. Hydrogen is expected to be trillion-dollar industry by 2050, and Alberta is ready to be at the forefront as a global hydrogen supplier.

"As Canada's largest hydrogen producer, we are ready and able to produce some of the lowest-cost, cleanest hydrogen in the world. It's more important than ever that we take action to grow our provincial hydrogen economy so we can advance as a world leader in clean energy development.

\$57 million in projects announced at the Canadian Hydrogen Convention

EDMONTON, Alberta, April 23, 2024 (GLOBE NEWSWIRE) — The Government of Alberta, through Alberta Innovates and Emissions Reduction Alberta (ERA) is announcing \$57 million, worth \$280 million, in innovation funding for 28 projects to advance a hydrogen economy, reduce emissions, and create jobs in Alberta.

Alberta Innovates, in partnership with Natural Resources Canada, is committing \$22.5 million for 20 early-stage projects through the *Hydrogen Centre of Excellence – Competition 2*. ERA, with funding from the *Technology Innovation and Emissions Reduction (TIER)* program, is committing \$34.5 million for eight late-stage projects through its *Accelerating Hydrogen Challenge*.
